CLEBC: PRIORITIES 2013 CONFERENCE

Scott MacDonald, RBS Partner and Faculty Member of CLEBC, and Nicole Mangan, RBS Associate, present on "Priorities Issues for Landlord's" at the Priorities 2013 Conference at the Pan Pacific Vancouver to other legal professionals.

"When a priority dispute arises, competing claimants and creditors need to jockey for position. Parties must determine where they stand in the long lineup of those waiting to share in the debtor's limited pot of assets. Sorting out these priority rights can be an extremely complicated process. In this course, you will review the latest developments, and determine the priorities of parties in a wide variety of real-life situations."
