ESTATE & WEALTH ADVISORY GROUP MEMBERS HOST SEMINAR ON FAMILY SHAREHOLDERS' AGREEMENTS

Tim Brown, Max Shilleto and Eryn MacKenzie presented a client seminar on the complexities of planning for the family business.

The differences between a family shareholders' agreement from other corporate and personal agreements, technical tax issues, and dangers of holding a recreational property in the company were discussed.

These presentations are relevant for people starting a business with their family members, those who already have a successful family empire that may need a little more structure, or for succession purposes for business founders.

If interested in a similar presentation email us at rbs@rbs.ca.
