HUB CYCLING'S BIKE THE NIGHT

Join RBS and HUB Cycling for the largest night ride in BC! Our city streets will be opened so that thousands of riders can experience Vancouver's most iconic roadways after dark. Deck out your bike in lights and spread good cycling vibes with over 5000 other riders of all ages on this 10 kilometre slow roll.

Last year there were over 3000+ participants, and more are expected this year. The event kicks-off with a circus-like pre-ride party (6:30 pm), followed by the ride (8:00 pm), concluding with a post-ride party.

Registering for the event helps to support HUB Cycling, a registered charity that has been working for 20 years to remove barriers to cycling and improve our communities, our health and our environment. Registration also includes entry to the pre-party with a DJ, free bike tune-ups and decorating, food trucks, a kids zone, and tons of awesome giveaways. You'll also be entered to win the grand prize!
