WE ARE PROUD SUPPORTERS OF HUB'S BIKE THE NIGHT

On September 16th, thousands of cyclists will join HUB, a non-profit organization that supports the cycling community, for BCs only open streets night ride. Participants will ride a route that has been closed off to the public, and are encouraged to dress in costume and decorate their bikes with lights. As a premier sponsor of all HUB-related initiatives, Julie Facchin, a member of our Personal Injury team, will represent RBS and share with cyclists helpful information on what to know should they be involved in a collision. For more information on Bike the Night, [click here](#).
