Ajay joined Richards Buell Sutton in May 2023, as a summer student and returned to article after graduating from the Peter A. Allard School of Law.

Passionate about innovation in the legal sector, Ajay founded the Allard Legal Tech Club to showcase how legal technology is impacting the practice of law. He also provided pro-bono legal services through the Law Students Legal Services Program (LSLAP).

Born in India and raised in Edmonton, Alberta, Ajay obtained a Bachelor of Science degree from the University of Alberta with a major in psychology and a minor in computer science.

During Ajay's undergraduate degree, he co-founded a start-up aimed at addressing the opioid crisis through accessible street-level fentanyl testing raising over \$150,000 for his innovation.

In addition to his own start-up, Ajay has also worked in software development, product management, and as a business analyst.

Ajay loves to learn about unique and diverse cultures around the world, and backpacked solo through Europe to fulfill his love for travelling and exploring unique cultures.

Outside of work, Ajay enjoys discovering new hip-hop artists, playing basketball and exploring Vancouver.
