BUILDING INTERNATIONAL RELATIONSHIPS BY SPONSORING ABA'S BUSINESS LAW SECTION MEETING

Our firm is a proud sponsor of the American Bar Association's Business Law Section Meeting, taking place in Vancouver on March 28th to the 30th.

The ABA's focus is on building expertise within its membership, and protecting the independence of the legal profession while advocating for justice in the United States and globally. The ABA has strong affiliations with similar legal organisations worldwide, including our own Canadian Bar Association.

This annual meeting provides lawyers with an opportunity to network with 1,600 business law professionals from over 20 countries, while strengthening their substantive skills through CLE programs designed to update lawyers on emerging trends in their practice areas.

It is our pleasure to continue building professional relationships with our international colleagues, while sharing and learning best practices in law.
