JULIE FACCHIN GEARS UP TO SUPPORT CYCLING ACROSS METRO VANCOUVER

Julie, an Associate in our Personal Injury Group, has been elected to HUB Cycling's Board of Directors for a two year team. In this role, she will support HUB's mission to "get more people cycling, more often" through their various strategic initiatives, education opportunities and social events across Metro Vancouver.

RBS has supported and participated in many of HUB's flagship events, as the premier law firm sponsor for Bike The Night and Bike to Work Week.

A keen cyclist, Julie recognizes the importance of cycling advocacy, and also acts as Secretary of the Road Safety Law Reform Group, which fights for legislative and infrastructure change to support cycling.
