## **RBS DONATES \$25,000 IN SUPPORT OF BREAST CANCER RESEARCH**

About 4000 women in BC will be diagnosed with breast cancer this year. However, some of the brightest scientific minds are in BC, harnessing artificial intelligence and single cell genome technologies to find new treatments and improved management options for those suffering.

We're delighted to show our support of BC Cancer Foundation this Breast Cancer Awareness month through our donation to help change the story for those affected in BC and beyond.
