## **RBS KICK-STARTS HUB'S BIKE TO WORK WEEK BY PARTICIPATING IN THE RUSH HOUR CHALLENGE**

The Rush Hour Challenge breaks down people's misconceptions that cycling is slower than driving or taking transit, and celebrates the fitness and fun aspects of cycling as a means of transportation. RBS cares about our environmental impact and has been a premier sponsor of HUB's Bike to Work Week initiative for several years. David Hay, Q.C., leader of our Personal Injury Group, Lawyer, Michelle Quinn, member of our Personal Injury team, along with BD & Marketing Manager, Priscilla Martindale, will participate in this challenge taking place on May 24. Each member will choose a mode of transportation (bike, car, bus), depart at the same time and location, with the ultimate goal of arriving at the same destination first. For general information on HUB's cycling initiatives, [click here](#).
