RBS DONATES TO UNIVERSITY OF BRITISH COLUMBIA'S FACULTY OF DENTISTRY'S CHILDREN'S DENTAL PROGRAM

Rooted in BC since 1871, we are committed to giving back to the community we call home. Our connection to UBC dates back to their inception, and we value the opportunity to support when possible.

We are among a few who have supported The University of British Columbia's Faculty of Dentistry's oral care program for children & families who are otherwise unable to afford such care. UBC Faculty of Dentistry is committed to the Children's Dental Program, which combines education with social responsibility and is a compassionate safety net for vulnerable children.

UBC Dentistry partners with School Boards and Regional Health Authorities to identify school children in need throughout the Greater Vancouver Area.

To donate or learn more about UBC's Faculty of Dentistry, please follow the link: <http://ow.ly/Hy2i30kzqPZ>
