RICHARDS BUELL SUTTON LLP SIMPLIFIES THE WEALTH PRESERVATION DEPARTMENT

As with many firms, Richards Buell Sutton LLP is proud of our expertise in a variety of practice areas. Our Wealth Preservation Department has always been one of those core groups to the firm. We pride ourselves in the service level we can guarantee individuals, their families, and their businesses ties. We have been able to act in the best interest of our clients at all income levels and with their own variety of legal concerns.

While we have always been able to identify and explain our extensive knowledge and skill level to clients, we have realized that more individuals would like clarity before approaching us. Therefore, Richards Buell Sutton is pleased to expand our definition of Wealth Preservation to include: Estate & Trust Administration, Personal Estate Planning, and Succession Planning for Privately Owned Businesses (Owner-Managed or Family-Owned).

Please take a moment to look at the descriptions of each of these practice areas.
